Legend | Studied Sound Walls

- Proposed sound wall
- Estimated cost above reasonable cost allowance
- Not approved by public survey
- Does not reduce noise levels by at least 5 decibels
- Does not meet 20-year life span - to be built as part of Interstate 15 Corridor Improvement Project

For discussion purposes only. Noise abatement is based on preliminary project alignments, which are subject to change. A final decision to construct noise abatement will be made on completion of the final project design. All walls except D1-B will be built on Caltrans property. Sound walls are preliminary and subject to final environmental approval.
