Commercial Design in the Triad:

Join IIDA for an evening of networking, hors d'oeuvres, presentations and building tours to bring awareness of commercial design to our community.

Come hear **Travis Hicks**, *Professor of Interior Architecture at UNCG*, speak about the importance of designing for corporate interior facilities like Inmar.

Inmar is a technology company headquartered in the heart of downtown Winston-Salem. Their new facility, a former RJ Reynolds Tobacco factory building, houses over 800 employees in more than 240,000 square feet.

Don't miss your opportunity to see this newly transformed historical landmark!
