World Peace is possible IF...

In the midst of war, terrorism, and chaos, if we are to have peace, we must address the root causes of our global crisis — poverty, hunger, and degradation. We must call on all nations to share the world's food and resources. As we establish sharing and justice, we will create peace.

We are not alone

According to British author Benjamin Creme, humanity is, fortunately, not alone in its efforts. A group of enlightened teachers, led by Maitreya, the World Teacher, is now here to help us build a future based on sharing, justice and cooperation. With the help of these incorruptible Masters of Wisdom, we can work together to resolve our current crisis and create a peaceful future for all.

WORLD PEACE IS POSSIBLE!

A message of hope
in a time of chaos

VINCENT GENNA presents "Stop Stopping Yourself and Become Unstoppable!"

We create our lives consciously or subconsciously, and we stop ourselves

unintentionally or intentionally all the time! An estimated 95-98 percent of the mind is in unconscious awareness and acts automatically. If you are not creating and manifesting the life you want or fulfilling your dreams, you are stopping yourself without even knowing it! Discover the mechanisms that are blocking you from using your true divine gifts and abilities, or even knowing your passions and life purpose. During this workshop, you will discover how you are: (1) dishonest with yourself almost every day; (2) the scar from the story of your youth needs to become a visual tattoo to remember; and most importantly, (3) how to release, cancel and transform the resistances, illusions, blockages and sabotages that are preventing you from creating the wonderful life you want and deserve! Become the master of your life, change all you want, manifest complete abundance, and fulfill your dreams! This workshop will include practical and experiential work to help you connect your dots and disempower your blockages. Vincent is an internationally renowned Psychic Medium and Spiritual Teacher. Using his over 29 years of experience in the fields of metaphysics, psychology, and spirituality, and as a master intuitive, Vincent provides healing for issues of your body, mind, and spirit.
