Dear Friends,

The Elkridge Furnace Inn, a local Howard County restaurant, will be holding its

10th Annual Bastille Day Fundraiser

***benefiting the Johns Hopkins Children's Center Pediatric Trauma & Burn Service
on Friday, July 13, 2012 from 6:30 pm to 10:30 pm.***

This event will feature a wine tasting, live music, heavy hors d'oeuvres, and a silent auction. While being just a small way for us to give back to those dedicated professionals who provide such companionate care to our children at the Johns Hopkins Children's Center Pediatric Trauma & Burn Service, it's a wonderful opportunity to help everyone involved.

Over the past decade, even during the rough economic times of late, the communities outpouring of support has been wonderful and greatly appreciated. This year we are hoping to make this the largest and most productive fundraiser we have ever held, not only in honor of our 10th anniversary, but also to celebrate Hopkins Children's state-of-the-art 205-bed Charlotte R. Bloomberg Children's Center building which opened May 1, 2012.

As a parent of children who have been cared for, and many times been patients, at the Johns Hopkins Children's Center, this charity is near and dear to my heart and I truly understand what a vital and critical service they provide our community. The numbers treated each year are staggering. Thousands of pediatric patients are admitted for care, short and long-term, and additional numbers treated as outpatient. We hope that you agree and will take this opportunity to help us in our endeavor to further support the important work they do.

A donation in any form, whether financial or of a gift certificate, inventory item or service to be auctioned off at this year's Bastille Day fundraiser would be greatly appreciated. Take pride in knowing, that unlike with a lot of fundraisers these days, we apply 100% of the non-taxable proceeds from your generous gift directly to the Johns Hopkins Children's Center.

While many people appear to have the opinion of 'Live and Let Live', I am a firm believer that we could all benefit with the added philosophy of 'Live and Help Live'.

Thank you for your time and consideration.

Sincerely,

Daniel Wecker
