

BANDO

Leading the Way... in Quiet Technology

Bando USA Bulletin

Volume # 1

Award Winning OEM Quality

Bando USA serpentine belts are original equipment on over 65% of the top 10 selling vehicles in North America and has been supplying leading OE manufacturers for over 50 years. During this time they have won over **120 prestigious OEM awards** for superior quality and service.

Recently **American Honda** presented Bando USA with its **"Supplier Performance Award"** for 2012. Bando has been honored with this award 11 times in the past 12 years. General Motors has also recognized Bando for 100% on-time delivery in 2012 by awarding its **"Certificate of Excellence and Platinum Supplier Status."** Both are evidence of high quality and attention to detail.

Bando USA offers this same level of commitment for the automotive aftermarket through its **complete line of serpentine, timing and V belts:**

- Precise OEM fitment
- Proprietary EPDM fiber loaded compounds
- US manufacturing plant in Bowling Green, KY
- Comprehensive e-catalog, fully ACES and PIES compliant
- OEM quality not just fit, form and function
- Solves noise problems in the toughest applications
- Reduces warranty returns and comebacks
