

MASSACHUSETTS STEM SUMMIT 2013

10 YEARS OF STATEWIDE COLLABORATION

Sponsorship Opportunities

This year's STEM Summit will be an exceptional event! Team-hosted by the Governor's STEM Advisory Council, the Massachusetts Business Roundtable, and the University of Massachusetts Donahue Institute, it will take place at Gillette Stadium, where we expect more than 1,000 attendees, including educators, policymakers, business leaders and countless others invested in the enhancement of STEM education and the continued growth of a STEM-literate workforce.

As in previous years, we are seeking the financial support critical to help deliver another successful Summit. The table below describes the numerous ways in which sponsor organizations will be recognized.

For additional information and to discuss your organization's participation, please contact:

J. LYNN GRIESEMER, Ed.D.
Executive Director
UMass Donahue Institute
Office of the President
University of Massachusetts
