When one of our long-time students was asked why the arts are important, this teenager replied, “the stress [today] is on traditional smarts, but the arts gives someone a chance to shine in unconventional ways.”

Something to think about as our schools focus on the “common core.” Math and reading are important subjects, but without the creative tools to apply those skills to the real world our children will be lost and their chances to shine will diminish.

This wise student also went on to say that CREATIVE ARTS is important because we put an “emphasis on learning and creating, and [we] have helped a lot of people discover the artist within themselves.”

Maybe she’ll be the next Albert Einstein. Even he understood the importance of the arts and used music to help him when he was having trouble with a scientific theory. By striking a few chords on the piano or playing the violin, he would often free up a constructive thought or solution to his theory.

Or maybe the next Albert Einstein is living with you and is just waiting to explore the arts so they can shine and be our next great inventor! Enroll your child today and give them a chance to shine.

Hope to see you soon!

We would like to thank our sponsors for their continued support.

Albert Einstein stressed the importance of the creative mind, once saying “I’m enough of an artist to draw freely on my imagination, which I think is more important than knowledge. Knowledge is limited. Imagination encircles the world.”

# Save the Date!

## For our Exciting Winter Fundraiser!

### “Once Upon A Murder” An interactive Murder Mystery Dinner on March 7, 2015!

After the disappearance of Cinderella, Prince Charming is throwing a ball to find a new wife. Some of the Kingdom’s resident’s question how the prince could move on so quickly, while others are jumping at the chance to earn their spot as the new princess in the castle.

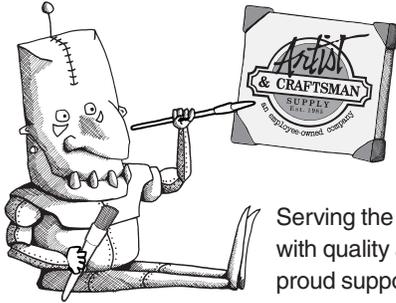

As the evening escalates, a killing occurs in the palace...leaving you to write the final chapter.

Will you finger a devious dwarf who may know too much? A sinister stepsister who has worn out their welcome? Or perhaps a pouting princess who is plotting to win the heart of Prince Charming?

In a Kingdom where jealousy, betrayal and deception are common story lines, it will be up to you to find the felon so that everyone can live happily ever after.

Registered guests (adults and kids!) will receive their packet with their character and clues to play along at this interactive event. Join the fun as you try and figure out whodunit and win a prize or two. Don’t worry, playing a character is optional but we think it will be lots of fun! Join party hosts Kelly Walsh and Bobby Imperato for a fun filled evening of dinner, dessert and murder.

### **Our Faculty**

Our art, music and theatre faculty are all artist-educators and professionals in their field, many with advanced degrees.

We are very proud to have caring, creative and enthusiastic teachers!

Faculty bios are listed online at [www.WeTeachCreativeArts.org](http://www.WeTeachCreativeArts.org).

We encourage open communication! If you have a question, ask the office staff or your art, music or theatre teacher!

### **Our Teaching Philosophy**

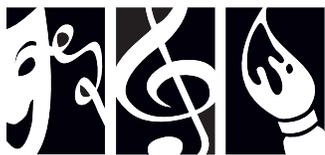

We teach skills, techniques, appreciation, performance & exhibition, and the creative process. Lessons, processes and skill sets are not learned overnight and require practice, repetition and patience.

### **Our Space**

Creative Arts currently rents space from the First Congregational Church in Reading. When dropping off or picking up your child, please walk them to & from the classroom. This ensures their safety and it allows time to speak with the instructor or see other posted announcements.

### **Events**

There are many opportunities for students to perform or exhibit their work. Please speak with your instructor or look at our calendar of events.

**CREATIVE ARTS**  
YOUR COMMUNITY SCHOOL

### **Registration**

All programs are first-come, first serve. We must receive a completed registration form by mail, email, or in-hand along with payment to reserve a space in our programs. Registration ends one week before each program. No confirmation of registration is given. Students are notified if programs are cancelled. CREATIVE ARTS reserves the right to cancel programs due to low registration. A full refund, including fees, will be returned under this scenario only.

### **Discounts**

A private music lesson discount of 5% is allowed off a sibling private lesson registration, 10% off third. Sibling discounts for classes, when applicable, are listed next to the full tuition price. Coupons and discounts cannot be combined.

### **Payment Options & Methods**

1. **Pay in full.** The BEST deal for CREATIVE ARTS & for you!! This is the only payment option available for semester class registration. Please call the office if you have an extenuating circumstance that necessitates a semester payment plan or financial assistance—these will be handled on a case by case basis.

2. **Payment Plan.** Payment plans are currently only available for full-year music lesson enrollments or on a case by case basis as stated above. A non-refundable payment plan fee of \$36 is due with the 1st installment along with the registration form. Payment schedules of equal installments (dates to be determined with the office) must be made by post-dated checks (or automatic credit card payments).

**Payment Methods.** CREATIVE ARTS accepts cash, check and debit/credit cards. **Please note checks and cash are the most cost effective for us** and help us keep our tuition low. Credit cards are the most costly for us. Any payment returned by the bank will be charged \$35.

CREATIVE ARTS reserves the right to suspend classes or lessons for any student whose tuition payments are in arrears, unless other arrangements have been made with the office.

### **Withdrawal Policy**

Tuition is non-refundable unless a withdrawal request is made in writing to Executive Director Jennifer Hart at least two weeks prior to the start of the semester. Please note, a \$35 processing fee will be assessed to all approved withdrawal refunds. Tuition is not refundable after the semester has begun. Read the private lesson policies too.

### **Wait List Policy**

When programs reach capacity, we begin a first-come, first-serve wait-list. If a spot becomes available, we contact the family immediately. A finite reply time is given and, if we do not receive a reply, we move on to the next person on the list. Registration forms are required, but payment is only processed if the spot is filled.

### **Photo / Recording Release**

CREATIVE ARTS occasionally records and/or photographs students for promotional and/or program information purposes. Usage may include internal and external publications as well as online purposes including YouTube, Facebook, etc. Please notify us in writing if you do NOT want your child to be photographed or recorded.

### **Student Conduct & Discipline**

Students are expected to follow direction, to participate, and to properly handle materials & equipment. Parents will be contacted after a 2nd infraction. A 4th infraction will result in removal of the child from the classroom and possible removal from the program without refund.
