

2011 Elgin Area Chamber Service Agency Wish List

We are most fortunate to be living and working where there are numerous service agencies devoted to improving our area's quality of life. However, like the expression "It takes a village to raise a child," it takes the efforts of each and every one of us to make life better for all. Especially in these challenging economic times, our area's needs can only be met if there is full community support. Because of that, we ask that you and/or your business consider helping the following member service agencies that have submitted wish lists. In doing so, you will help them enhance their abilities to serve the Elgin area.

This is an opportunity for year-end tax-deductions, for disposal of items you/your business no longer needs, and for outright altruism.

Although we are in an incredible community that truly gives from the heart, we ask that you check to see if any of the listed items is something that you may be able to offer. Our local agencies truly need whatever we can give.

Besides the traditional need for specific items and financial assistance, agencies are also asking for volunteer time (and specific skills) and other ways you may be able to help.

For your convenience, please use Edit/Find to expedite your finding specific items or a particular organization. For example, type in "office supplies" or "diapers" to find which organizations are in need of such items.

In many cases, even used items will be welcome. Please contact the agency to verify if this is, indeed, the case.

Thank you again for your attention and your continued efforts in helping those in need in our community, and may 2012 be especially good for you!

**"Your life and mine shall be valued not by what we take...but by what we give."
- Edgar Allen, Founder, Easter Seals**
