Briefly describe your business and/or what you do: Serendipity is a full service interior design and redesign store and studio. I will personally build your vision from the ground up, or just tweak your already beautiful home or office. Selling a home? Just bought a home or moved into a new commercial space? I can help! I also specialize in staging and redesigning your current or new to you space. And I am not afraid to try something new...so bring it on.

Extra special stuff you would like to share: We are moving!!! We are thrilled to be expanding and moving for our third time since opening on March 13th of 2013, just 18 months ago! Thank you to our customers, clients and our business neighbors, and friends for your support!

List any special interests: I enjoy spending time with my kids and my husband. Sometimes just relaxing, playing games, watching movies, and having fun. I also enjoy time with my good friends relaxing outside by the bonfire with a good glass of red wine.

Briefly describe how WBC could support you in growing your business: I enjoy WBC for the camaraderie, the professional support, and advice, as well as the information and knowledge to help keep us businesswomen on our toes! What I truly appreciate is not only the "Can do", but the "will do, have done" attitude so many of my fellow members have! WBC is like a safe haven of support and the feeling of women helping women. In many instances, we are all in this together and our collective advice and personal stories of success and failure, and how we handled it, is invaluable. Thank you women of WBC. I applaud you!

Briefly describe why you are a member of the WBC: I can't imagine NOT being a member of WBC! I attribute much of my success and personal connections in the community to WBC's welcoming approach to business networking. I look forward to the opportunity to get to know many of you even better. I believe there is so much to gain from connecting!

Any additional information you would like to share:

Thank you WBC for your support and continued encouragement! We have all had a bad day, a rough month or a moment of doubt in our professional lives. It's a true comfort to know that there is a "place" we can go to build each other up, encourage, offer suggestions and share what has worked-for-us-in-the-past kind of stories. I look forward to many more moments with all of you. Thank you!
