UPCOMING EVENTS.....

JULY 9-13: "Exercise the Senses"

This week children will take an active approach to learning about their senses. Our Wee Watch children will benefit from exploring their senses because these opportunities will help extend their language skills while also engaging them in sensory fun activities. They will learn new words by describing what they hear, see, smell, taste and touch. Children will participate in making scratch & sniff watercolour paintings, going on a 'Sound Walk' adventure, and activities that explore and play with all five of their senses.

JULY 27 – AUGUST 10: "Wee Olympics"

This year all of our Wee Watch homes will participate in the 2012 Wee Watch Summer Olympics! During the Olympic Games our Wee Watch athletes from all across Ontario will partake in a wide variety of sports ranging from gymnastics, track & field, shot put and synchronized sprinkler "swimming". The Wee Olympics will also be a time for children to learn about the many different countries that participate in this world event.
