

Provider Anniversaries

Congratulations to the following Providers that are celebrating milestone Anniversaries in November and December. Thank you for your ongoing commitment to us and the families in your care. Your enthusiasm and dedication is an inspiration!

Provider Anniversaries

Susan H., 20 Years, Waterloo/Central Kitchener

It feels like Susan has been with our Wee Watch office forever, and that she will always be a part of our Wee Watch family. She has cared for so many Wee Watch children over the past twenty years as she raised three children of her own, and has happily been able to include her grandchildren Isaac and Kalen into her program as well!

Susan approaches each day and each child with a genuine smile, and the children truly do become a part of her family. She has continued to maintain connections with families, and has enjoyed watching their children grow and change well after they have left her care. The families she has worked with adore her, and recommend her highly to friends, neighbours, and family. If there is a Wee Watch meeting or a social function, you can count on Susan being an active participant, and she has cheerfully mentored new Providers as well. We appreciate Susan and all the love she gives, and not only thank her for all the time she has spent with us but congratulate her on twenty years as part of our family!

Patti P., 22 Years, Waterloo/Central Kitchener

Patti has been with our Wee Watch office since the very beginning! She has cared for so many Wee Watch children over the years while raising four lovely children of her own. Patti is adored by all of the families she works with, and is very in tune with the personalities, strengths, and needs of all of the children she cares for!

She knows how to reach them, and how to teach them new skills in a way that is fun and enjoyable with patience and kindness. She is very much in step with the Wee Watch philosophy, and provides a warm and loving family environment along with excellent care, and we continue to appreciate her and all the time she has spent with us! My own children who are now adults still talk about the times they spent in care with Patti.
