

First Response Safety Training

CPR and First Aid for the Community

Individual Rate: \$25.00 per person

Course includes adult, child and infant CPR and basic first aid. Designed to meet the needs of a diverse audience, training covers a range of topics for children through seniors. Meets the requirements established by Bright from the Start, NAEYC, DHR, and DSS.

ATTENTION: The CDA Council, DBHDD and NECPA now require nationally accredited training. Do you have an AED on-site? All "expected users" of the AED should have hands-on AED training and certification through a nationally accredited organization.

We can provide this certification for an additional \$10 per person. If you would like this certification, please let us know in advance so the instructor can bring the appropriate materials.

Fire Safety for Child Care Professionals

Individual Rate: \$30.00 per person

Initial course required by the Georgia Fire Commissioner for all staff of licensed child care centers. Certification is good for 3 years. Participants will need to pass a written test for Fire Safety, so please let the instructor know if you have any individuals who need special testing accommodations. Within 7 days of your training, your Fire Safety certificates will be available online at <http://www.firstresponsecpr.com/certificates.php>. Please be aware that your certificate will reflect 5 hours as designed by the Fire Commissioner's Office however, Bright from the Start typically counts this as 2 training hours

First Response Safety Training

Frequently Asked Questions

Why doesn't the schedule show the exact location?

Most of our classes are taught at client locations. We have to ask their permission for you to attend the class before providing the address. Please be aware that we teach at hundreds of locations across Georgia and South Carolina. When inquiring about a class, please let me know which specific date, time and location look convenient for you. If you just say "Atlanta" that may refer to any of several different locations, so I need to know the specific class you're considering. I will check with that client to verify availability and let you know the location.

How do I register for a class?

The quickest and easiest way is to email kelly@firstresponsecpr.com with the specific date, time and location. If space is available, I will email you back a confirmation with the details. If you do not have email, then you can call 770.945.6837 with the same information. Please understand we are set up to handle classes for groups and do our best to accommodate individuals, so there may be a delay in returning your call.

The class I am considering is not on your online calendar. Why not?

The online calendar contains classes that are open to the public. These are either classes at public facilities or classes where the host has specifically asked us to invite the community. Discounts may apply for registering for the classes on the online calendar.

Do you offer online CPR & First Aid training?

No. Most governing agencies require hands on training. This includes Bright from the Start, the CDA Council, DBHDD, DHS, DHR, and the Georgia Board of Dentistry to name a few.

How do I get the \$5 discount?

The \$5 discount is for online registration and payment. To get the discount, choose one of the classes listed on our online calendar and register and **prepay** online. These classes are marked with "****" on this schedule. The \$5 discount does NOT apply to classes that are NOT on the online calendar. Remember, you must **prepay online** to get the discount.

What payment do you accept?

You can pay by cash, money order or company check at the class. If we have pre-arranged billing with your facility, we can invoice the facility. This must be approved by a manager at your facility.

Do you offer childcare?

No childcare is provided. Participants bringing children will be asked to leave. Please remember you are a guest of the hosting facility and they are allowing you to attend as a courtesy; please be respectful.

Can you teach a class at my facility?

We'd be happy to teach a class at your facility. In the Metro Atlanta or Metro Augusta area, we ask for a group of 8 or more during the week, 10 or more on the weekend. For classes in other parts of Georgia or South Carolina, please call to discuss minimum class size.

***** - Online registration is available for select classes. Discounts may apply for online registration and payment. These are NOT online classes. Please visit www.firstresponsecpr.com for details.**
