

WalkStation

Variable Height Walking Stations

Electric-Adjustable Treadmill
Desks for Workplace Fitness

SPECIAL 

Special-T combines two of the most high-quality workplace productivity and health products into a single, affordable, height adjustable workstation.

Workplace fitness is only a step away!

Under Desk Treadmill

- Unlike standard treadmills the TR-1200 is equipped with a 2.25 HP continuous duty motor allowing for speeds of .4 to 4.0 MPH.
- Walk or run - the continuous duty motor is design to run at slow speeds for long periods of time.
- The TR-1200 is designed for use up to 6 hours per day and is supported by a 3-year motor warranty and 2-year parts and labor warranty.

Console

The small, contemporary designed console is the perfect size to discretely sit on your desk so it will not get in the way of your work.

Computer

The treadmill is Bluetooth-enabled to wirelessly sync your activity data to your Mac / PC or Android and iOS device using one of our free apps.

Shocks

LifeSpan treadmills use 6 independent shocks to hold the walking deck above the frame and absorb impact when your foot strikes the belt.

Intelli-Guard™

Intelli-Guard™ - automatically stops the belt if you step off or if you have to step off to take a call.

36 x 48 Cockpit top for walking comfort / arm rest

Electric lift adjustment. Easy press up/down switch for quick & easy height adjustments

25.5"H - 51"H. Wide range of lift to accommodate any user height

5 year parts & labor warranty - for years of worry free fitness
