

***ScripNow!* eCards**

ScripNow!, available through Great Lakes Scrip Center, is the quickest way to purchase scrip gift cards. *ScripNow!* allows you to purchase eCards for yourself, or you can send them to someone else as a gift. The eCards work just like plastic gift cards. They have a bar code, which means you can print them out and bring them to a store to be scanned. They also have a pin number to use for online purchases. A growing number of retailers are available through the *ScripNow!* program, and more are joining every day.

First-time users follow these simple steps to start shopping *ScripNow!* for eCards:

- Log on to www.shopwithscrip.com.
- Create a family account by clicking on the green box on the left.
- Link your family account to Waldorf School of Princeton with this enrollment code:
