

- 1  **CERT Advanced Training**
- 2  **Web Based Training-NIMS**
 - IS-100.b - Introduction to Incident Command System, ICS-100
 - This course describes the history, features and principles, and organizational structure of the Incident Command System. It also explains the relationship between ICS and the National Incident Management System (NIMS).
 - <http://training.fema.gov/emiweb/is/is100b.asp>
- 3  **Web Based Training-NIMS**
 - IS-700.a NIMS An Introduction
 - This course introduces and overviews the National Incident Management System (NIMS). NIMS provides a consistent nationwide template to enable all government, private-sector, and nongovernmental organizations to work together during domestic incidents.
 - <http://training.fema.gov/emiweb/is/is700a.asp>
- 4  **Web Based Training-NIMS**
 - IS-200.b - ICS for Single Resources and Initial Action Incidents
 - ICS 200 is designed to enable personnel to operate efficiently during an incident or event within the Incident Command System (ICS). ICS-200 provides training on and resources for personnel who are likely to assume a supervisory position within the ICS.
 - <http://training.fema.gov/emiweb/is/is200b.asp>
- 5  **Web Based Training-NIMS**
 - IS-800.B National Response Framework, An Introduction
 - The course introduces participants to the concepts and principles of the National Response Framework.
 - <http://training.fema.gov/emiweb/is/is800b.asp>
- 6  **Classroom Training-NIMS**
 - G-300 Intermediate Incident Command System for Expanding Incidents
 - This course provides training on and resources for personnel who require advanced application of the Incident Command System (ICS). The course expands upon information covered in the ICS-100 and ICS-200 courses.
 - www.floridadisaster.org/TrainingCalendar/index.asp
- 7  **Classroom Training-NIMS**
 - G-400 Advanced Incident Command System Command & General Staff: Complex Incidents
 - This course provides training for personnel who require advanced application of the Incident Command System (ICS). The course expands upon information covered in ICS-100 through ICS-300 courses.
 - The target audience for this course is personnel who are expected to perform in a management capacity in an Area command or Multiagency Coordination Entity.
 - www.floridadisaster.org/TrainingCalendar/index.asp
- 8  **Web Based Training-FEMA**
 - <http://training.fema.gov/IS/crslist.asp>
- 9  **Web Based Training-FEMA**
 - IS-3 Radiological Emergency Management
 - This independent study course contains information on a variety of radiological topics, including:
 - Fundamental principles of radiation
 - Nuclear threat and protective measures
 - Nuclear power plants
 - Radiological transportation accidents
 - Other radiological hazards

– <http://training.fema.gov/EMIWeb/IS/is3.asp>

10  **Web Based Training-FEMA**

- IS-5.a An Introduction to Hazardous Materials
 - At the end of the course, the participant should be able to:
 - Explain the roles of Federal, State, Tribal and local governments in reducing hazardous materials risks through Health and Environmental Regulations;
 - Discuss the two major hazardous materials identification systems used within the United States;
 - Identify possible terrorist's targets of opportunities in the use of toxic industrial chemicals (TIC) as Weapons of Mass Destruction (WMD);
 - Identify locations where hazardous materials are commonly found and how to determine their potential health effects;
 - Describe basic terms that pertain to exposures to hazardous materials;
 - Read and interpret a materials safety data sheet (MSDS);
 - Explain how hazardous materials enter the body and contaminate the environment;
 - Describe what communities can do to increase their emergency preparedness to respond to hazardous materials incidents; and
 - <http://training.fema.gov/EMIWeb/IS/IS5.asp>

11  **Web Based Training-FEMA**

- IS-7 A Citizen's Guide to Disaster Assistance
 - This independent study course provides a basic understanding of the roles and responsibilities of the local community, State, and the federal government in providing disaster assistance.
 - <http://training.fema.gov/EMIWeb/IS/is7.asp>

12  **Web Based Training-FEMA**

- IS-22 Are You Ready? An In-depth Guide to Citizen Preparedness
 - Designed to help the citizens of this nation learn how to protect themselves and their families against all types of hazards. It can be used as a reference source or as a step-by-step manual. The focus of the content is on how to develop, practice, and maintain emergency plans that reflect what must be done before, during, and after a disaster to protect people and their property.
 - <http://training.fema.gov/EMIWeb/IS/is22.asp>

13  **Web Based Training-FEMA**

- IS-26 Guide to Points of Distribution
 - This guide was developed to support the Points of Distribution (POD) overview video and provide an in depth look into the planning, operations, and demobilization stages of a POD mission.
 - <http://training.fema.gov/EMIWeb/IS/is26.asp>

14  **Web Based Training-FEMA**

- IS-101.a - Deployment Basics
 - This course is designed to help prepare participants for deployment to a domestic incident. Responding to incidents requires that we must be ready, willing, and able to deploy at a moment's notice. This course provides personnel with practical tips and advice for incident deployment.
 - <http://training.fema.gov/EMIWeb/IS/is101a.asp>

15  **Web Based Training-FEMA**

- The Professional Development Series includes seven Emergency Management Institute independent study courses that provide a well-rounded set of fundamentals for those in the emergency management profession. Many students build on this foundation to develop their careers.
- After successfully completing all 7 required PDS courses through the Independent Study program, a PDS certificate is automatically issued via US Postal Service to the mailing address provided on

your last exam submission.

16  **Web Based Training-FEMA**

- The Professional Development Series includes:
 - IS-139 Exercise Design
 - IS-230.a Fundamentals of Emergency Management
 - IS-235.a Emergency Planning
 - IS-240.a Leadership & Influence
 - IS-241.a Decision Making and Problem Solving
 - IS-242.a Effective Communication
 - IS-244.a Developing and Managing Volunteers

- Dirty Bomb! After the Blast
 - During a political rally for Senator Lund, the unexpected happens - a Dirty Bomb! The community needs you to use your public health emergency skills to make decisions on behalf of the responders during the emergency response.
 - www.sph.umn.edu/ce/trainings/coursepage.asp?activityId=9148&stype=2

22  **Web Based Training-Univ. Minn**

- Mass Dispensing Sites: A Primer for Volunteers
 - This training is designed to provide an overview of the general operations of mass dispensing sites and serves as an orientation for individuals who may be asked to work in those sites during an emergency. It is intended to complement just in time training provided on site at the time of deployment. Volunteers including MRC and CERT members and others including public health staff may find this training beneficial.
 - www.sph.umn.edu/ce/trainings/coursepage.asp?activityId=6811&stype=2

23  **Web Based Training-Univ. Minn**

- NIMS and ICS: A Primer for Volunteers (online)
 - This training provides an initial orientation to the National Incident Management System (NIMS) and the Incident Command System (ICS) for individuals who plan to volunteer during an emergency or disaster. The course is designed to help volunteers understand the standardized organizational structure and communication system they are likely to encounter while responding to a crisis.
 - www.sph.umn.edu/ce/trainings/coursepage.asp?activityId=8187&stype=2

24  **Web Based Training-Univ. Minn**

- The Off-Site Care Facility-An Alternate Care Site: A Primer for Volunteers
 - This training provides an overview of the general operations of an off-site care facility (also referred to as Alternate Care Site). It is an orientation for individuals who may be asked to work in these facilities during an emergency. The program is intended to complement just in time training provided on site at the time of the emergency.
