

# WHICH EYE CRÈME IS FOR YOU?

The eyes are the most delicate area of the face and also one of the first places to show the signs of aging. The thin skin around the eyes is more prone to crows feet, dehydration, dark circles, bags, & fine lines. At IMAGE Skincare, we know that everyone has a different eye-area concern which is why we offer eye crèmes for every skin type with multi-functional features!

## AGELESS total eye lift crème

This luxurious eye lift crème resurfaces & visibly reduces the appearance of fine lines. This incredible formula also tightens the skin while Chamomile, Green Tea, & Coneflower soothe tired & dehydrated eyes.

## VITAL C

### hydrating eye recovery gel

Hydrate & reduce dark under eye circles with Vitamins A, C & K. This eye gel will strengthen capillary walls & reduce fine lines & wrinkles while stimulating collagen production.

## ORMEDIC balancing eye lift gel

Organic ingredients with medical effectiveness help balance, hydrate, and reduce dark under eye circles. Neuro-Peptide Complex increases collagen production, reduces wrinkles, reduces puffiness, increases elasticity, and soothes as it repairs tired eyes.

## the MAX eye crème

High concentrations of Plant-Derived Stem Cells protect the skin's own cells & prevent aging caused by free radical damage. Peptide Correction Complex improves firmness, reduces the appearance of wrinkles, & reduces puffiness.
