

Ridge Pro Plus Digital Magnifier

Ridge Pro Plus Digital Magnifier

Sirchie introduces the new Ridge Pro Plus Digital Magnifier, a handheld and micro-desktop version of the popular FXE-350. This magnifier is perfect for latent print examination, allowing the examiner to review prints without having to bend over the magnifier, reducing ergonomic strain and also allowing multiple people to view the image simultaneously. It can also be used for examining details at the scene or in the laboratory.

FEATURES:

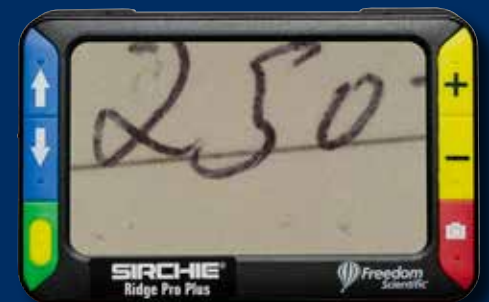

- Portable & lightweight
- Up to 12X magnification
- Wide screen 5-inch (12.7 cm) display
- 100MB of Storage allows for up to 80 images (BMP format)
