# The Highlands Inn

*An Award-Winning Inn for Women*

Located on 100 private wooded acres, The Highlands Inn is an exceptionally comfortable women's resort in the heart of the White Mountains, a year-round vacation destination. With its spacious common areas, large fireplaced living room, and fresh flowers throughout, the Inn is reminiscent of a Victorian country home.

The property includes three buildings: the Main Inn, the Farmhouse, and the Cottage. The Main Inn has 13 rooms. The Farmhouse has 5 rooms and a full country kitchen ... perfect for groups as well as individual rentals. The rustic Cottage includes a living area with a queen sleep sofa and full bath on the first floor and a small upstairs loft with queen-size bed.

Spectacular fall foliage, great winter skiing, lush mountain springtime, all summer sports, antiques, tax-free shopping, and excellent restaurants are available in all directions.

*Many guests have commented that the Inn is truly a "home away from home"!*
