## Indiana County Poverty Summit

Over the past year, Representative Dave Reed, as House Majority Policy Committee Chair, has spearheaded efforts to better combat poverty in Pennsylvania. As a part of those ongoing efforts, Representative Reed and the United Way of Indiana County, an organization known for its community collaboration and charitable efforts, are partnering in planning the first Indiana County Poverty Summit. The summit will consist of brief topical speakers in several subcategories, followed by breakout sessions of roundtable discussions, all with a focus on strategies for overcoming barriers to success.

If you or your organization assist those struggling with poverty in our area and are interested in attending, contact Representative Reed's Indiana office for more information or to RSVP by calling (724) 465-0220 or emailing [asmocek@pahousegop.com](mailto:asmocek@pahousegop.com). Reservations are required by September 10th.
