CHAIRMAN

October 10, 2010

Denver Children's Advocacy Center  
2149 Federal Blvd  
Denver, CO 80211

Dr. Gizane Indart,

I am pleased to congratulate you and the Denver Children's Advocacy Center for your incredible growth and the tremendous contributions you make in the Denver community. As the District Attorney of Madison County, Alabama and in eighteen years as a member of the United States Congress, I helped establish, grow and maintain the Huntsville Children's Advocacy Center in Huntsville, Alabama. I am proud of what we have accomplished locally but I am even more proud to have seen the growth of similar centers, such as yours, become a vital part of communities across the nation. I know that our success and yours has come from the dedicated individuals that give their time, energy, and money to protect children in need.

In recent years I have had several opportunities to meet with Matt Hogan and I have the utmost respect for his accomplishments and his dedication to our cause. I am thrilled that your organization has decided to honor Matt at your October 16 Gala. In his roles as an original board member, Board Chair and Treasurer, Matt has dedicated immense time, innovation, and vision - enabling the Denver Children's Advocacy Center to grow into two buildings, expand its work with local law enforcement agencies and provided a safe environment for thousands of young children.

I wish you luck with your event and extend my personal gratitude to the Denver Children's Advocacy Center and to Matt Hogan for advancing a shared vision to prevent abuse, strengthen families and restore childhood for every child that needs it. Please extend my congratulations to Matt and his family for an Honor he clearly deserves.

Yours Truly,

  
Bud Cramer
