Carpet & Cushion

Dear valued customer,

We are pleased to announce to all of our customers that Haines acquired CMH Space effective January 17, 2014. We are now two companies who will be better together for the sake of customers, suppliers, and our employees.

We will continue to operate as two separate companies while we get onto the same computer system and finalize our plan for integration. So, for now, it is business as usual, with customers working with the same people and the same companies as they always have, buying the same products in the same way, and getting deliveries as they always have.

In conjunction with the integration, Haines' relationship with Armstrong will strengthen with the creation of a dedicated Armstrong division in the Mid-Atlantic responsible for driving sales of Armstrong products in this geography. You can expect further announcements about Haines' new division structure later in the year.

Haines and CMH Space are getting together because we believe that we have a lot in common and we can be more secure in the long term by becoming better together. By being together we can do more for customers.

We are similar in our high service performance to customers and company values. We intend to expand upon the excellent service you have come to know and expect from Haines and CMH Space, and to make things even better, combining deliveries, improving delivery schedules, delivering even more bundling and efficient delivery fees. We will have the best and broadest product portfolio in floor covering.

We have attached our new combined company Fact Sheet and another document (FAQ's) with answers to questions you may have. Of course, you can contact us at any time, including me directly by email or phone at bzwick@jjhaines.com or 410-762-5603.

All of us at the new Haines are confident that we are establishing a company that will be better for you, suppliers, and our employees, a company here to serve you for the long term, and a company that has your interests at heart.

Best regards and God bless us all in our business endeavors and in our lives,

Bruce
