

Congresswoman Fudge Hosts Re-entry Fair at Tri-C

Approximately 100 restored citizens, 10 employers and numerous union apprenticeship programs and job development and training agencies attended a “Job Development and Placement for Restored Citizens Fair” hosted by Congresswoman Marcia Fudge at Cuyahoga Community College’s (Tri-C®) Metropolitan Campus November 7.

More released prisoners return to Cuyahoga County than any other Ohio county, making re-entry programs critical to both the success of these restored citizens and for the County.

“I want to thank Tri-C for once again demonstrating its commitment to serving the needs of the community by hosting this event,” said Congresswoman Fudge. “I also want to thank all the employers and agencies who are here today to support our restored citizens in reaching new goals in their lives.”

In addition to hosting the event, Tri-C representatives conducted resume writing workshops for attendees.
