The 3rd Annual 18 For Emerson Charity Golf Tournament is set for August 12th, at The Wilds Golf Club in Prior Lake. Last year's event raised over \$50,000, and we are setting our goal higher this year, hoping to raise \$60,000!

Emerson was diagnosed in March 2011 with Spinal Muscular Atrophy, a rare neuromuscular disease for which there is no cure or treatment.

- SMA is the #1 genetic killer of children under 2
- SMA occurs in 1 of every 6,000 births
- Currently over 20,000 children are living with this disease
- There is currently no treatment or cure!

Research has come a long way and we are so close to finding not only a treatment but a cure. All proceeds from this event will be going to Sophia's Cure Foundation to help fund further the research being conducted by Dr. Brian Kaspar's team at Nationwide Children's Hospital. This event was created to raise awareness, money, and hope for the children struggling with this devastating disease.

You can support Emerson and her fight to cure SMA by participating, donating, or volunteering. It is truly appreciated!
