

We're teaming up with Stephanie Fearn, Origami Owl Independent Designer, to offer an exciting new way for you to help support the Family Network on Disabilities of Manasota!

Each person's story is unique, and Origami Owl was founded to help you tell your unique story. Their Living Lockets were created to be a wearable display of who you are, as well as the people, causes, and things that are important to you.

From April 17-May 11, every purchase made at www.Serendipity.OrigamiOwl.com, using our event code, will raise money for FND Manasota. If you've never seen a Living Locket in person, you are in for quite a treat!

Stephanie will be attending our Life Beyond School Conference on April 27 and will be available to share her story, answer any questions you may have, and take orders. You can also place an order online at www.Serendipity.OrigamiOwl.com. You must start from this website rather than the Origami Owl homepage in order to access our event. At check out, you will need to select our event in the party drop down menu in order for FND Manasota to receive credit as part of our fundraiser.

Stephanie will be posting inspirational pictures and information about Origami Owl on our Facebook page at <https://www.facebook.com/pages/FND-Manasota/173832216024749>. You can see more designs on her Facebook page at <https://www.facebook.com/SerendipityStephanie>.

We are so excited about this fundraiser! Anyone, anywhere, with any story to share can order as part of our event, and we will receive credit! We hope you will forward this information to friends and family and help us support families of children with special needs in our community!

If you have any questions at all, please contact Stephanie directly at {239.246.4721}, or by email at Serendipity.OrigamiOwl@gmail.com. You can also contact her through her Facebook page (address above).
