

# Mobile Video App Launcher Icon Installation Instructions

## Android

Android browsers have varying ways to create desktop icons. The following is for the Chrome browser.

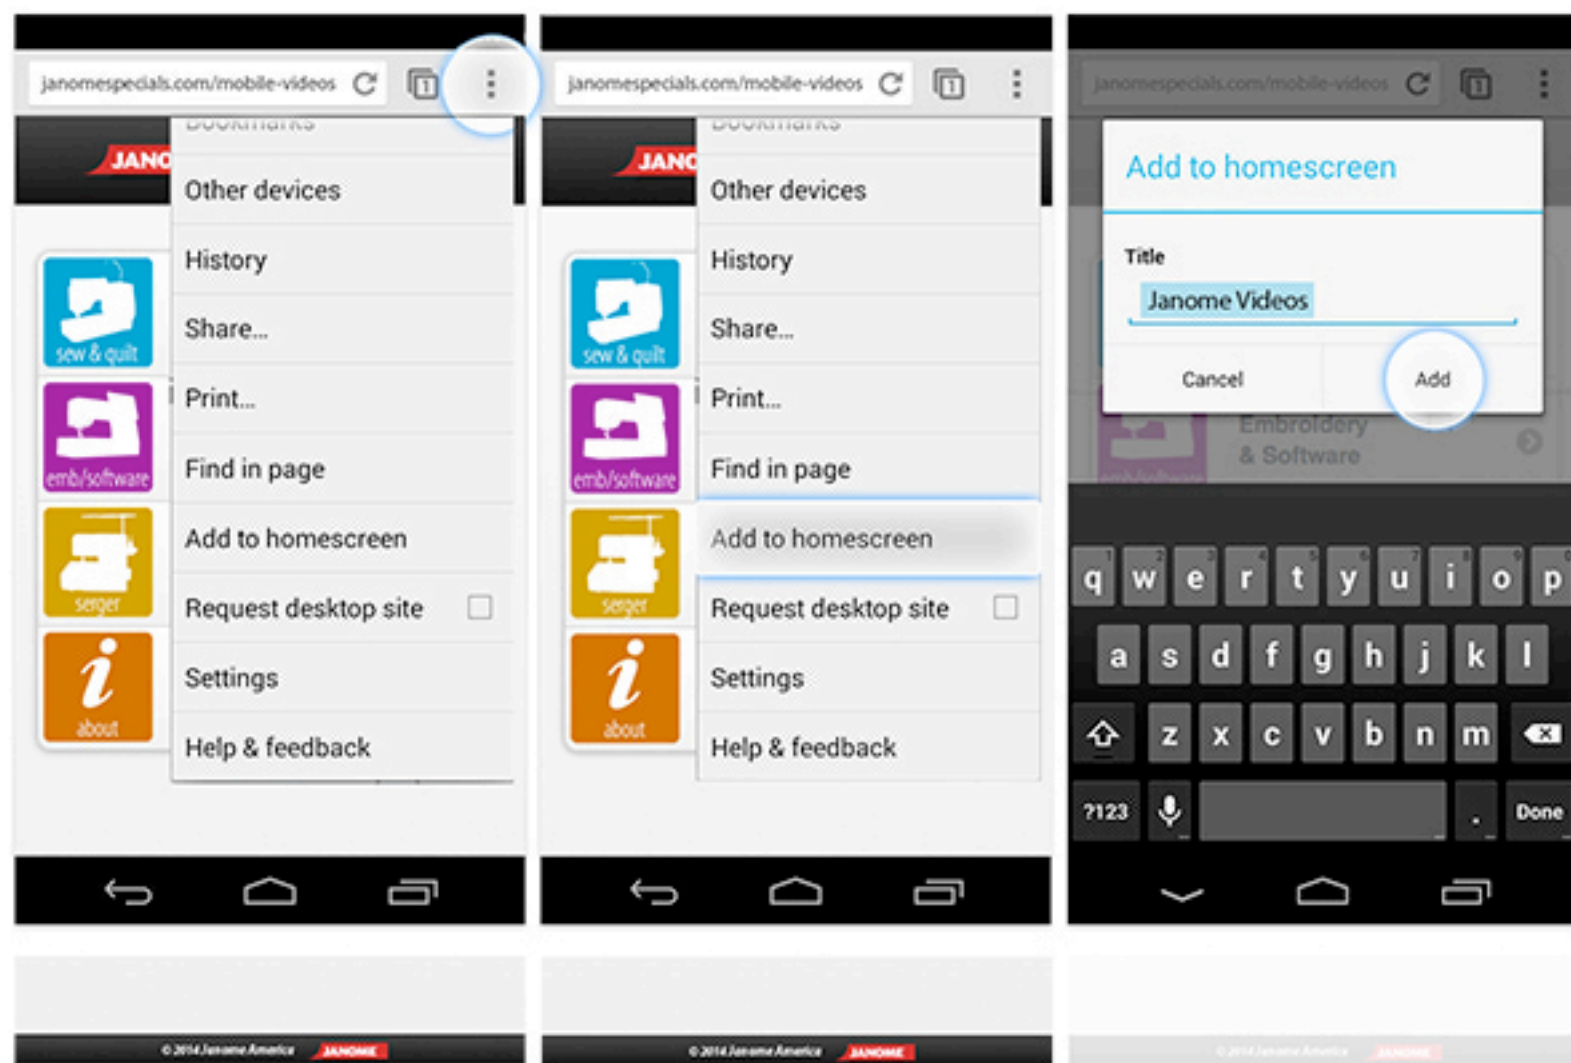

1. Open the following link in your Android phone: <http://janomespecials.com/mobile-video/index.htm> or scan the QR code to the right.

2. Open the browser menu (icon with three little vertical dots).

3. Choose "Add to homescreen" and press Add.

An icon will be added to your home screen which will now launch the app.

## Apple iOS

The following instructions are for the web browser Safari on all iOS devices.

1. Open the following link in your iPhone: <http://www.janomespecials.com/mobile-video/index.htm> or scan the QR code to the right.

2. Once you see the app in Safari, press the "share" icon at the bottom of your screen.

3. Choose "Add to Home Screen".

An icon will be added to your home screen which will now launch the app.
