

Chapter 102 Training for the Regulated Community

Holiday Inn Harrisburg East | 4751 Lindle Road, Harrisburg, PA 17111
Thursday, November 13, 2014

AGENDA

- 8:30–9:00 a.m. Registration**
- 9:15–9:30 a.m. Welcome**
- 9:30–10:45 a.m. Session I: I Have a Site. Now What?**
Tiffany Trea, Senior Civil Engineer Hydraulic, DEP
- This session will address the initial stages of planning for the development of a particular site. Topics to be covered include: PNDI Search; Soils at the Site; Initial Soil Testing; Layout; PCSM BMPs; Avoidance and Minimization; Designated & Existing Uses; Riparian Buffers; Impaired Streams; Offsite Discharges to Areas Other Than Surface Waters.*
- 10:45–11:00 a.m. BREAK**
- 11:00 a.m.–Noon Session II: What Permit(s) Do I Need?**
Nathan Crawford, P.E., Permits Section Chief, Waterways & Wetlands Program, DEP
- This session will identify which permits are needed for particular activities, which include the ESC Permit, ESCGP-2 Permit and NPDES Permit. Discussion will include General vs. Individual NPDES Permits and some of the most common instances when a General NPDES Permit is not applicable.*
- 12:00–1:00 p.m. LUNCH**
- 1:00–1:45 p.m. Session III: Permit Application Process**
Nathan Crawford, P.E., Permits Section Chief, Waterways & Wetlands Program, DEP
- This session walk participants through the application process, focusing on NPDES Permit Applications. Topics will include how the PRP/PDG Policy, SOPs, and PNDI Policy interrelate.*
- 1:45–2:00 p.m. BREAK**
- 2:00–3:00 p.m. Session IV: PCSM Planning & Design**
Tiffany Trea, Senior Civil Engineer Hydraulic, PA DEP
- This session will focus on site designs and selecting appropriate PCSM BMPs. Discussion will include recommendations for sites with poor infiltration testing results. Topics will include 102.8(b), Multiple POIs and Controlling Runoff Volume.*
- 3:00–4:00 p.m. Question and Answer/Wrap-Up**
