

FOR IMMEDIATE RELEASE:  
January 31 2014

March 19, 20 & 21, 2014  
Metro Toronto Convention Centre  
North Hall

## **CANADIAN MECHANICAL & PLUMBING EXPOSITION & LEARNING FORUM OVER 500 EXHIBITORS - 21 FREE SEMINARS**

Connecting with great training at CMPX 2014 has never been more affordable, or more valuable, whether you are an industry newcomer, or an industry veteran.

CMPX is Canada's national trade show for the heating (forced air and hydronics), plumbing, air conditioning, hearth, piping, refrigeration and ventilation industries. The three-day event takes place March 19, 20 and 21 at the Metro Toronto Convention Centre.

Your CMPX 2014 Registration Badge gives you:

- **Unlimited access** to the Exhibit Hall for all three days
- **Admission** to all 21 Learning Forum Seminars

With the strong focus on **Emerging Technologies** and **New Products**, everyone will leave the CMPX show armed with new ideas and information you can put to work right away.

The Learning Forum has 21 different Seminars, each one chock full of the latest technical, industry and business information. For example...

- **Want To Increase Sales?** Join Suresh Parmachand's session, "[Ten Ways to Convert Prospects into Clients](#)". You will gain 10 techniques you can use right away to improve your sales results.
- **Need To Know The Latest Code Changes?** Rainier Blundel, President of the Ontario Plumbing Inspectors Association will provide updates on pertinent changes to the plumbing code that will affect your business, compliance, and how you design water systems in Ontario at the session called "[Ontario Plumbing Code Changes](#)".
- **Want To Get More Into Hydronics?** Mike Miller (Uponor) will lead a panel discussion about [changes to CSA B214](#) featuring hydronics experts Dave Hughes (Northern Alberta Institute of Technology) and Barry Cunningham (Triangle Supply). And, that is just one of the Hydronics sessions at the show.

**Really Into Hydronics?** Join one or both of the two Hydronics Workshops featuring John Siegenthaler. "Siggy's" workshops always deliver the in-depth technical information that hydronics professionals demand.

These optional full morning Hydronics Workshops start at 7:30 am and include continental breakfast, your CMPX trade show admission and handouts too. Pre-registration is required – seating is limited. Admission: \$60 (incl. tax) per person when you register for your CMPX 2014 Badge.

Detailed descriptions of all Learning Forum Sessions are available online at [www.cmpxshow.com](http://www.cmpxshow.com)

Plan your time to Connect at CMPX 2014 today!

CMPX is produced for the industry by the Heating, Refrigeration and Air Conditioning Institute of Canada (HRAI) and the Canadian Institute of Plumbing & Heating (CIPH).
