

About Knots of Love

Our mission at Knots of Love is to warm the hearts and heads of those experiencing traumatic hair loss by knitting and crocheting caps with love. These beanies and blankets are delivered free of charge to patients across the country. We hope for a day when our services will no longer be needed, but until then our recipients continually tell us that our beanies not only provide warmth as they go through treatment but also provide them an incredible amount of dignity during the most challenging time of their lives.

We currently donate over 4,000 caps and Neonatal Intensive Care blankets per month to over 500 cancer centers and NICU in the US. The need is great. Since our inception, we've donated over 194,000 caps and over 2,000 NICU blankets. All given away free of charge.

- Knots of Love was chosen and highlighted in a video by President William Clinton at the St. Louis All Star Game 2009.*
- We offer compassion, support, comfort, and caring to a suffering population in need of basic human kindness and consideration through donating handmade beanies and neonatal blankets nationwide.*
- Knots of Love currently donates over 4,00 caps per month.*
- Knots of Love donates caps to over 500 cancer treatment centers, infusion centers, hospitals and oncology offices in all 50 states nationwide.*
- Since Knots of Love's inception in June 2007, we have donated over 194,00 caps & NICU blankets*
- Knots of Love is a non-profit 501(c)3 public charity, based in Southern California.*
- Our primary goal is to brighten the lives of those in need with an exclusive gift.*
- Knots of Love is dedicated to creating hand-made, heart and head warming knitted and knotted (crocheted) chemo caps for people transitioning through the effects of chemotherapy and other life threatening illness.*
- Knots of Love currently has over 1,000 dedicated and passionate members who donate their time, treasure and talent by hand making Caps through the art of Knit and Crochet.*
- Knots of Love brings volunteers, patients and families together. Our organization equally helps those making the caps and the patients who receive them.*
- Our gift is simple, human warmth and kindness to someone in need. People of all ages are in need of love, kindness and support as they wage the fight of their lives.*

*I have seen the tears of joy when patients are handed a cap made from Knots of Love.
It puts a smile on my face and wind in my sails.*
