Budget planning for fiscal year 2015 (FY15) – which runs from July 1, 2014, to June 30, 2015 – is here. Attend an upcoming engagement session to learn the basics about how MPS budget works, ask questions and make suggestions before the FY15 budget is adopted by the school board in June.

Sessions will be conducted in two phases:

- Phase I: Budget Basics
- Phase II (April 10 Wenonah): FY15 details; fair pupil funding model

We look forward to your participation in the budget process. Together, we can continue our work to support academic achievement by building and maintaining a sustainable financial foundation.
