Ten Acres Enough

Edmund Morris had dreamed for many years of moving to the country, reading all he could about farming and taking a keen interest in anything agricultural. His city life had had its ups and downs and although close to bankruptcy on more than one occasion he had managed to settle his affairs and resolved to quit the city before things got any worse "the whole business horizon seemed full of coming storms, which burst successively with desolating severity". He was under no illusions; farming would be hard work and was unlikely to make him rich, but he believed strongly that it could be made to keep him and his family comfortable and so he embarked on his journey towards self sufficiency...
