

Each tin comes in three sizes: small, medium and large. The coffee is made of 100% Arabica coffee beans, which are the only beans used in the production of Huber's Coffee of the Day. The coffee is grown in the best coffee-growing regions of the world, and is processed in a way that ensures it is of the highest quality. The coffee is available in a variety of sizes, and is suitable for use in a wide range of coffee-making equipment. For more information, please contact us at [www.hubercoffee.com.au](http://www.hubercoffee.com.au).

You may be hearing of fruity mustards for the first time, but trust us when we say they are handy items to keep on your kitchen shelves. Huber's has brought in seven new made-in-Austria fruity mustards that are gluten-free and lactose-free, made without dyes, preservatives and flavour enhancers. We recommend the versatile Fig Mustard Sauce that complements rich meats of veal, pork, beef and also the Grape Mustard Sauce, which goes best with cheeses, pâtés and terrines.

**Fruity Mustards, \$8.95 per 180g bottle, available at Huber's Butchery & Bistro, 18A Dempsey Rd**

Huber's Fruity Mustard Sauce is made from the finest ingredients and is available in a variety of sizes. For more information, please contact us at [www.hubercoffee.com.au](http://www.hubercoffee.com.au).
