

Internship with Ovela

Ovela is a multinational E-Government software services firm with clients in local and federal Governments. We are looking for an intern in the New River Valley/ Roanoke Valley area to assist in our operations locally. Daily requirements will be to communicate between our team in Estonia and existing clients on day to day concerns, on-going projects, and new sales leads.

If you are an excellent communicator, with prior knowledge of IT or willingness to learn, interested to learn about international business and be involved with local and federal governments, this job is for you.
