

## **Career Exploration Workshop**

**Thursday, October 2 at 5pm in Pam 1045**

**An Exciting Career Option:**

***Working With The U.S. Federal Government***

***A Public Sector Experience From A Private Sector Perspective***

***Description: Learn about a career working for companies that support the U.S. Federal Government, one of the largest organizations providing products and services throughout the State of Virginia. Evaluate a career where you have limitless potential, career fields that span any and all programs offered by Virginia Tech, and a unique opportunity to make a direct contribution to the future of your government. Learn what these opportunities entail and determine if they are right for you.***

***A must-attend lecture for graduate students, juniors and seniors and other students interested in mapping out career options ahead of the power curve – presented by those that have been there, done that.***

Presented by VT Alumni Todd Rowley and Bob Lam, each with extensive careers and advice.
