

Technomics

We welcome analytical graduates to visit the Technomics booth at the Business Horizons Career Fair. We are a growing employee-owned, decision analytics company that specializes in cost and economic analysis to facilitate ***better decisions faster***. We deliver practical, credible and defensible results offering actionable insights by applying data-driven and analytics-based approaches in combination with multidisciplinary talent, subject matter experts, and tangible and repeatable assets in the form of databases, models, approaches and techniques. The ideal **Junior Cost Analyst** candidate will have the knowledge, skills, abilities and initiative to deliver timely, practical and innovative solutions to our clients as part of high-performing project teams typically composed of a mix of junior, mid, and senior-level analysts. Please check out our website www.technomics.net to learn more about us and feel free to contact our career hotline at [571-366-1005](tel:571-366-1005).
