Details:

The Software AG Online Career Fair will be a unique experience that will connect talented college students and recent grads with recruiters in a live, engaging, online event.

The online format provides an easy, effective way to communicate with Software AG's recruiters. You can learn how the company works, meet the people who are here every day, and grow your network in the process. The event is hosted by Software AG exclusively for students and recent graduates interested in internships and launching their career with the company.
