CORPORATE HIRING PROGRAM

About the Corporate Hiring Program (CHP)

CHP is a comprehensive, entry-level, permanent, full-time employment and career development opportunity designed to recruit and nurture the next generation of Census Bureau leaders. As a statistician/ analyst in the CHP, you will participate in a 3-1/2 year cohort program of approximately 30 participants that will jump start your career and develop your potential for future advancement with the Census Bureau. Key developmental components are:

- Rotational assignments
- Challenging work to complement academic experiences and background
- Formal classroom training to enhance leadership skills, technical proficiency and advancement potential
- On-the-job training, career development, and performance feedback

Who May Apply

Applicants must be college graduates with any academic major and fifteen semester hours in statistics and mathematics. Six hours must be in statistics.

How to Apply

Visit www.Census.Gov and go to Jobs @ Census to apply for vacancy # WA1070380-JN
