

SunTrust Audit Services (SAS) IT Audit Internship

The SunTrust Audit Services (SAS) Team based in Atlanta, GA is looking to hire an Information Technology (IT) Audit Intern. The intern assignment is targeted for the period January – May. This is posted on Hokies4Hire (<http://www.career.vt.edu/H4H-OCI/H4HIndex.html>).

SunTrust Audit Services (SAS) provides professional internal auditing services to SunTrust. We assist management in identifying risks and opportunities within control processes. Our work is conducted in conformance with the Institute of Internal Auditors International Standards. SAS reports directly to the Audit Committee of the SunTrust Board of Directors.

SAS is seeking an Information Technology (IT) Audit Intern. The intern assignment is targeted for the period January – May. Intern work is targeted at 34 hours weekly but may be adjusted depending on student availability and need for specific audit projects assigned. The position provides competitive wages. This internship will be located in Atlanta, Georgia.

The intern will be assigned to the IT Audit team, and will work as a core team member guided by a mentor. The program provides extensive on-the-job training and practical application of analytical skills. The intern will participate in individual project meetings as well as broader audit group discussions. Valuable opportunities exist to develop significant professional relationships. The overall goal of the program is for the intern to develop a solid appreciation of the financial services industry, the SunTrust organization and the important role of internal audit in a complex company. Interns achieving solid performance during the program will be considered for open full-time positions in SAS when available.
