

Field Spotlight

On March 28th, The Ramstein Chapter located at the Ramstein AFB in Germany, led a Women in Leadership panel. The four speakers at the event were Lt Col Lisa Biewer, CMSgt Joanne Bass, (C)MSgt Amber Mitchell and Mrs. Maria Castillo. These four women were able to provide different perspectives of what it is like being a woman in a leadership position. Not only did they spend time speaking about their experiences to service members, they also encouraged discussion and allowed the audience to ask questions.

CMSgt Bass spoke about the obstacles she faced being a female service member. Ms. Castillo was able to provide the service members with the civilian perspective of women in leadership positions. Lt. Col. Lisa Biewer explained the officer perspective of women leadership in the military. We applaud the Ramstein chapter for recognizing these women in honor of Women's History Month.
