

ALTORFER

2014 FRIDAY TRAINING DAYS

Join your Altorfer GPS Specialist this spring to take your technology skills to the next level!

Every Friday through April 25th, Jack and Chase will be offering one-on-one GPS training at our Cedar Rapids, IA and East Peoria, IL stores, from 8 a.m. – 4 p.m.

Training will fit your needs, and can include base and rover training, data and file transfers, office software training (AccuGrade Office, SiteVision Office, and Trimble Business Center), and machine training (this may be simulator-based depending on weather).

Because we want you to get the most out of your training, appointments will be limited to four per day. Reserve your spot today by calling Jack or Chase, before they run out!

East Peoria
