LOGANS PROMISE: We Give 100% of Gross Funding directly to Breast Cancer Research

The Terri Brodeur Breast Cancer Foundation (TBBCF) is a local, non-profit group committed to fighting breast cancer by directing 100% of gross fundraising dollars directly to breast cancer research. Administrative costs are either sponsor-supported or volunteer provided. The Foundation was established in 2006 by two friends, Norma Logan (1958-2006) and Sandy Maniscalco, who realized the need for a new kind of fundraising organization. After a two-year battle with breast cancer, our namesake, Terri Brodeur succumbed to the disease in 2005, as did Norma Logan six months later. Since 2006, 27 scientists have been awarded \$2.7M in grants, resulting in 54 years of breast cancer research!
