

## Tri-C's Corporate College Announces Exclusive Partnership with Plexus International to Offer ISO Training

Corporate College, a division of Cuyahoga Community College, announced a partnership with Plexus International July 22. This partnership will ensure that International Organization for Standardization (ISO) courses use up-to-date, internationally recognized curriculum and are taught by Plexus International certified instructors. ISO provides state-of-the-art specifications for products, services and good practice, helping to make industry more efficient and effective. Developed through global consensus, ISO helps break down barriers to trade.

"By partnering with Plexus International, a global leader in ISO training, Corporate College will help individuals and organizations utilize ISO as a vital part of their management system and business strategy," said Robert Peterson, president and CEO of Corporate College. "Whether your goal is to get your company certified, jump-start your company's continual improvement process through training, advance your personal credentials or to simply learn about process and system thinking, we offer training, implementation and consulting to fulfill your goals."

Plexus provides globally accredited, industry-recognized certificate and certification training programs to a variety of industries. Plexus ISO courses have been reviewed and accredited by RABQSA International, a global personnel and training certification body, and by the International Association for Continuing Education and Training (IACET).

Plexus ISO/TS 16949 training courses have been developed in conjunction with GM, Ford, Chrysler and the Automotive Industry Action Group (AIAG). All ISO/TS 16949 third-party auditors are assessed through the IATF online platform developed and maintained by Plexus. Similarly, Plexus developed and deployed a global certification training and assessment program for all third-party aviation, space and defense auditors subscribing to AS9100, AS9110, and AS9120 on behalf of the IAQG.

"Plexus International praises Corporate College and Cuyahoga Community College for their continued leadership in advancing Northeast Ohio's economic growth and employment opportunities. By partnering with Tri-C's Corporate College to provide advanced, industry-recognized, globally accredited training and professional development, we strongly support the College's mission to serve its community and region," stated Alexander Chong, CEO of Plexus International.

Fall course offerings through Corporate College, the region's only authorized Plexus training provider, include: RABQSA-Certified ISO 9001 Internal Auditor Training; RABQSA-Certified ISO 9001:2008 Lead Auditor Training; RABQSA: Plexus ISO/TS 16949 Understanding and Internal Quality Auditing; and Plexus AS9100C Understanding and Internal Auditing.
