

NEW YORK STATE RIGHT TO LIFE

LOBBY FOR LIFE DAY

April 30, 2014

Governor Cuomo is once again pushing his abortion-expansion bill. This legislation allows *anyone* to perform an abortion and would legalize abortion-on-demand ***through all nine months of pregnancy.***

New York State Right to Life's Lobby Day speakers will inspire and equip you for your lobby meetings later in the day with your legislators!

It is critically important that **YOU** and all New Yorkers come to **Lobby for Life Day** to show your support for the dignity of all human life!

Your presence **will make a difference!**
