

MISSION: POSSIBLE

OPERATION #DontBlackoutBrogdon

MISSION: CONVINCING GRIFFIN COMMUNICATIONS TO INCLUDE RANDY BROGDON IN THEIR UPCOMING U.S. SENATE DEBATE

Tulsa's Channel 6 and sister station Channel 9 in OKC are not inviting U.S. Senate Candidate Randy Brogdon to participate in a live debate due to his not receiving at least 10% in a recent Sooner Poll commissioned by Griffin Communications (Ch 6 & 9).

Polls do not reflect accurately the voter outcome - we have only to look at the 2010 Gubernatorial race where 2 weeks before the election Brogdon was polling 12-18% and ended up with 40% of the vote on Election Day. And, two years ago Sooner Poll polled voters on the Vision 2 tax proposal showing that Vision 2 would pass with no problem [Vision 2 SoonerPoll Results](#), and yet on election day it was soundly defeated. [Vision 2 Election Results](#)

YOUR MISSION SHOULD YOU CHOOSE TO ACCEPT IT...

Contact Griffin Communications and their News Channels 6 & 9 and encourage others to get involved creating a groundswell of grassroots support. We do this through spreading the word with our contacts via email, Facebook, Twitter, church, etc. If we create enough noise Griffin Communications will hopefully change their mind and invite Randy. We cannot allow the media to determine who our choices are in this election.

We need to send our message daily and encourage others to do the same. We don't win if we give up! With each message, whether Facebook, Twitter, email, etc, please use **#DontBlackoutBrogdon** in your correspondence.

With over 25% still undecided, according to the poll, Randy's message NEEDS to be heard.

I hope you will join this grassroots uprising to fight for the candidate that will fight for us!

Please use all of these contacts means to let your voice be heard!
