September 18, 2014

Hello,

I am the Volunteer Coordinator at Collingswood Manor. Collingswood Manor is a not for profit long term care nursing community located in Collingswood, NJ. We are currently looking for student volunteers to assist with activities in our Assisted Living Unit on weekdays between 3pm and 4:30pm. The volunteers would need to be responsible, enthusiastic, and dependable. The activities would vary but would include bingo, sing-a- longs, trivia games, and craft projects.

This would be a great opportunity for students that need to perform community service hours or students who have an interest in working with seniors. Many of our student volunteers put their service time at the Manor on their college applications.

Thank you for your time and please feel free to contact me with any questions.

Sincerely,

Mary C. Moloney
Volunteer Services Coordinator
