Sandy Johnson

Managing Director - North Star Fleet Solutions Inc.

Sandy Johnson started out in the trucking industry as the IRP (prorate) Supervisor for the Government of Alberta. She left the government in 1984 to start a service bureau and, in 1993, sold her business and went to work as the National Manager of the Tax and License department of Rentway Truck Rental and Leasing (a division of Trimac).

Since 1998, Sandy has been the Managing Director of North Star Fleet Solutions Inc. North Star Fleet is primarily a truck service bureau, but they also provide software including an IRP Fee Calculation program and an on-line fuel tax reporting system. North Star Fleet is the Canadian Sales Partner for Verizon/Networkfleet GPS Tracking and Fleet Management system.

Over the years, Sandy has made it her priority to know the transportation industry and the people involved with it. She has also served on many committees.
