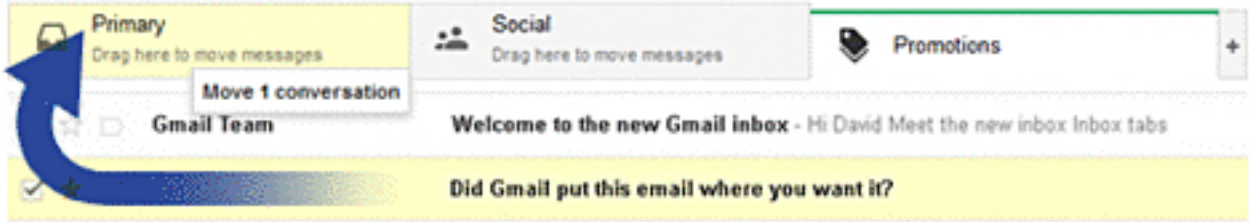
GMAIL'S NEW INBOX TABS

As you may know, Gmail recently rolled out a newly designed inbox.

If you've been using the new inbox you may also have noticed that this email now appears in your Promotions tab. If you'd rather the emails end up in your Primary tab it's simple to tell Gmail where these emails should go, just follow these easy steps:

1. DRAG THIS EMAIL FROM THE TAB WHERE IT APPEARED AND DROP IT INTO THE PRIMARY TAB.



2. CLICK YES WHEN PROMPTED TO ENSURE ALL FUTURE EMAILS FROM THIS SENDER SHOW UP IN THE PRIMARY TAB.
