

# Gilda's Club Twin Cities

This signature photo from the Sixth Annual Roseanne Roseannadanna Golf Benefit says it all. We beat our goal of \$150,000 and raised more than \$180,000.

This astonishing success couldn't have happened without the support of our sponsors, live and silent auction donors, golfers, guests, celebrities, Noogieland kids, GCTC staff, 2013 Golf Committee Chair Laura Bloch, and our amazing volunteers.

Our new spacious venue at Golden Valley Golf and Country Club gave us plenty of room to accommodate our sell-out crowd

of golf, dinner and entertainment guests. And new this year, Camp Noogieland, for the children who accompanied parents for this jam packed day of fun. The kids at Camp Noogieland had so much fun that several asked if they could come back again the next week!

K-TWIN radio personality Brian "BT" Turner and Brave New Workshop Comedy Theatre's own John Sweeney hit it out of the park this year. They kept us all entertained throughout the evening. Television actress and comedienne, Mo Collins, wrapped up the day with humor Gilda would've loved!

Mo shared her thoughts about the event and our mission: "I was so overwhelmed to see the incredible generosity at the golf event, both financially and the time and hard work put in by volunteers. There is an incredible GCTC army of people out there willing to work against the enemy—cancer (all done with a smile too). Great attitudes are one of our best defenses with this disease. I'm so happy there will be a place for people to go for support. It is imperative."
