

Come Serve with Us!

Why Participate in our Mission Experiences?

Help bring hope to Haiti and come serve with us on a weeklong Heartline Foundation Mission Experience. Join us on one of our scheduled trips or pull together a team of 10-25 participants for a customized trip. These experiences can include:

- Construction of churches, schools or needed facilities that help single moms, expectant mothers, children, or men seeking to build a future for themselves and their families.

- Leadership training for young adults and teenagers.
- Showering love on orphaned children, many of them orphaned by the 2010 earthquake, bringing food and shoes and/or just playing with them in fun activities while sharing the message of God's love.

Accommodations

Accommodations are safe and comfortable at either the Heartline Guest House or the Visa Lodge in Port-au-Prince. All meals are provided, along with transportation, translators, and a guide that will lead you through your experience. In addition to serving the poorest nation in the world, participants will also gain an understanding of the culture and environment of Haiti, touring local markets with beautiful handcrafted items and attending a local Haitian church.

The Life-Changing Programs You Will Experience and Serve

Women's Program

The Women's Program serves to teach women in Haiti valuable life skills in order to support their families out of the cycle of poverty. Skills include learning to read and write, make jewelry, sew and bake while building faith in Jesus Christ.

The Maternity Center

The Maternity Center is a place where expectant mothers can find medical care and support, education, safe and sanitary conditions, and respect for themselves and their babies.

The Men's Bakery

Jesus is the "Bread of Life," and this program encourages, supports, and stands with men as they become involved fathers and husbands while growing into honest men with Godly
