

The **Art** **Of** **Music** LLC

presents

“**Wild, Wild West**”

Our sessions are a blend of music and visual art experiences. We incorporate music and art experiences that actively involve children of **all abilities** (children developing typically as well as children with special needs) ages 2-12.

Using visual arts, movement, and music, activities will incorporate concepts such as: spatial and body awareness, fine and gross motor skills, language, sensory, social skills, community and acceptance, and the appreciation of the arts, etc. Each hour will be comprised of a FUN blend of process-oriented music and visual art experiences. Your child **will** come away singing with some beautiful artwork keepsakes! Supplies provided.

“**Wild, Wild West**” is our summer session. We will have a mixed media progressive art project that represents the old west. We will work on part of it each week and take it home on the last day of the session. Also, each week we will work on several take home projects in a variety of media. During music, we will sometimes integrate music with our art making and also experience different musical styles through movement, finger plays, instrument play and other musical activities.
