

Social Bugs

Social Language Learning Group

(Presented by *We Joy Sing* and *Cornerstone Speech Therapy*)

Come join us and learn what it means to be "social" in this interactive music and language group developed for you and your child! A speech therapist and intervention specialist will introduce social concepts, tailored to your child's age, through the use of songs, books and movement activities. You will walk away from the group empowered with a better understanding of social development and fun ways to practice at home using music!
